Hevia

Hevia what can we say about this fantastic artist with a stage show that is truly spectacular. Now presenting his third album, he's performed in some 300 concerts and appeared on countless TV shows in more than 200 cities around the world. 2 million Cd's sold 15 gold discs, and 12 platinum discs in over 40 countries from Hungary to Japan. Also a Latin Grammy award nominee. Hevia like Kepa Junkera thrives on collaboration with others. We cannot emphasise enough how superb the live stage show is. Available as a full stage show featuring 30 musicians but also available in a smaller "lite" version of his fantastic band. call for details.

Available only through FRUSION in the UK Hevia is a phenomenon!

Jose Angel Hevia, takes center stage with electronic and acoustic Asturian pipes. He is joined by a host of others, but most frequently: Angel Luis Samoz, keyboards and programming, and Tao Gutierrez, kjembe, darbuka, percussion, programming. The liner notes of his album "The other side" indicate that the songs come from experiences that transport the listener to a magical place, episodes that alter the quality of how we see the world.

Whatever he's playing, Hevia is clearly a master musician, and all the music is superb. For an encore, he picks up his good old acoustic bagpipes and treats the audience to some rapid-fire improvisation; it's a great way to prove he's not dependant on any of the bombast or electronics to make stirring, beautiful music. - —
